

WEBSITE DEVELOPEMENT PROPOSAL

OBJECTIVE : The purpose of this website should be a combination of characteristics of a b2b, forum and informative website

AIM : Supply Buyers, Suppliers, Traders, Intermediaries, Freight Forwarders, Business Advocates with sufficient information and create a platform for them to come together, talk business and develop their trade, meanwhile at the same time we mediate for trades and build successful clientele base.

PROSPECT : Build a functional website, run with manufactures and suppliers internationally and have a database of all legit suppliers, build an App and gain atleast a million members
